9 April 2010

Dear Shareholder,

On behalf of the Directors I am pleased to invite you to take up your entitlement to subscribe for new fully paid ordinary shares ("New Shares") in Prince Hill Wines Limited ("the Issue").

The purpose of the Issue is set out in the Rights Issue Offer Document.

The Offer is open from 23 April 2010 and is due to close 10 May 2010. Pursuant to the Corporations Act, PHW is not required to prepare a prospectus for the Issue. A summary of the key information with respect to the Issue is set out in the Rights Issue Offer Document. Please read the Rights Issue Offer Document carefully before deciding whether or not to invest. If there is any matter on which you require further information, you should consult your stockbroker or other professional advisor.

On behalf of the Directors, I invite you to participate in this Issue.

Yours Sincerely,

Andrew Parkinson
Managing Director

1. Details of the Offer

1.1 The Offer

PHW is making a renounceable rights issue of New Shares at 0.5 cents per New Share to raise approximately \$1,246,384 before costs associated with the Issue are paid. Shareholders of PHW are entitled to subscribe for two (2) New Shares for every one (1) Share held. Only those Shareholders (other than Excluded Shareholders) shown on the share register at 5.00pm (Sydney time) on the Record Date will be entitled to participate in the Issue.

When fractions arise in the calculation of Entitlements, they will be rounded up to the nearest whole number of New Shares.

The issue price for the New Shares is payable in full on application. The Issue is subject to PHW receiving acceptance for not less than 30 million New Shares. Above that minimum subscription, the Issue is underwritten by Ironwood Investments Pty Ltd (ACN 058 461 395) to the extent of a tranche of 30 million New Shares ("**Underwritten Shares**") of any shortfall. Accordingly, assuming the minimum subscription is reached, hence triggering the commitment of the underwriter, the Issue will raise a minimum of \$300,000 (represented by 60 million New Shares). Please see section 4.3 for further details of the underwriting agreement.

1.2 How to Accept Your Entitlement

Shareholders may accept their Entitlement either in whole or in part.

The number of New Shares to which Shareholders are entitled to is shown on the Entitlement and Acceptance Form which accompanies this Offer Document.

If Shareholders take no action in respect of their Entitlement they will have no right to subscribe to the New Shares pursuant this offer.

Entitlements to New Shares can be accepted in full or in part by completing and returning the Entitlement and Acceptance Form which is attached to this Offer Document in accordance with the instructions set out on the Entitlement and Acceptance Form and forwarding the completed Form together with your cheque or bank draft for the full amount payable so as to reach PHW no later than 5.00pm (Sydney time) on the Closing Date.

The amount payable on acceptance will not vary during the period of the Offer and no further amount is payable on allotment. Application Monies will be held in trust in a subscription account until allotment of the New Shares (or return of the Application Monies in the event of a failure to reach the minimum subscription). The subscription account will be established and kept by PHW on behalf of the Applicants. Any interest earned on the Application Monies will be retained by PHW irrespective of whether the allotment takes place.

1.3 Purpose of the Offer

The money raised by the Offer (net of costs) will be used to provide additional working capital to fund the company while it completes the sale process in relation to the Mudgee winery and vineyard

1.4 Listing on the ASX

PHW has applied to ASX for the New Shares to be granted quotation on the official list of ASX within seven days of the date of this Offer Document. If official quotation is not obtained within 3 months of the date of this Offer Document, all Application Monies will be refunded without interest and the Issue will not proceed. Subject to approval being granted by ASX, it is expected that quotation and trading of the New Shares will commence on ASX on 17 May 2010.

1.5 Allotment

It is expected that allotment of the New Shares will take place by 14 May 2010.

1.6 Rights attaching to New Shares

New Shares issued under this Offer will be Shares in PHW and will rank equally from the date of allotment with all Shares in PHW then on issue.

Full details of the rights attaching to Shares are set out in PHW's constitution, a copy of which may be inspected at PHW's registered office.

1.7 Overseas Shareholders

This Offer Document does not constitute an offer in any place in which, or to any person to whom, it would not be lawful to make such an offer.

The Offer is not being extended to, and New Shares will not be allotted to, shareholders with a registered address which is outside Australia and New Zealand (the Excluded Shareholders).

PHW has decided that it is unreasonable to make the Offer to Excluded Shareholders having regard to:

- the number of Excluded Shareholders in the place where the Offer would be made;
- the number and value of New Shares the Excluded Shareholders would be offered;
- the cost of complying with the legal requirements and requirements of a regulatory authority, in the respective overseas jurisdictions.

PHW will send details of the Offer to each Excluded Shareholder and advise each Excluded Shareholder that the Offer will not be extended to them.

In compliance with Listing Rule 7.7.1, PHW has appointed a nominee approved by ASIC to arrange for the sale of the Rights which would have been granted to Excluded Shareholders, and to account to them for the net proceeds of the sale (if any). The nominee appointed by PHW for this purpose may in its sole discretion determine the price at which the Rights may be sold and the manner of any such sale. Neither PHW nor the nominee will be subject to any liability for failure to sell the Rights or to sell the Rights at any particular price.

The net proceeds of the sale (if any), after deducting all costs involved in the sale (including brokerage) and subsequent distribution of such proceeds, will be distributed in due proportion to each of the Excluded Shareholders for whose benefit the Rights would have been sold.

If, in the nominee's opinion, there is no viable market for the Rights of Excluded Shareholders, such Rights will be allowed to lapse with no payment to Excluded Shareholders.

The distribution of this Offer Document outside Australia may be restricted by law and anyone who receives this Offer Document should consult his, her or its professional advisers to determine whether any government or other consents are required or formalities need to be observed.

Lodgement of an Entitlement and Acceptance Form will be taken by PHW to constitute a representation by the Applicant that no breaches of any overseas law or regulation have occurred.

Applicants who are nominees or who propose to act as nominees should consult their professional advisers.

1.8 Allotment and Allocation Policy

PHW will proceed to allocate New Shares as soon as possible after the Closing Date and receiving ASX permission for official quotation of the New Shares.

Successful Applicants will be notified in writing of the number of New Shares allocated to them as soon as possible following the allocation being made.

It is the responsibility of Applicants to confirm the number of New Shares allocated to them prior to trading in New Shares. Applicants who sell New Shares before they receive notice of the number of New Shares allocated to them do so at their own risk.

1.9 Chess

PHW will apply to the ASX for the New Shares to participate in the Securities Clearing House Electronic Subregister System know as CHESS. CHESS is operated by the ASX's Securities Clearing House ("SCH") in accordance with that ASX Listing Rules and the SCH Business Rules. After allotment of the New Shares, those who are issuer sponsored holders will receive an issuer sponsored statement and those who are CHESS holders will receive an allotment advice.

The CHESS statements, which are similar in style to bank account statements, will set out the number of New Shares allotted to each successful applicant pursuant to this Offer Document. The statement will also advise holders of their holder identification number. Further statements will be provided to holders which reflect any changes in their holding in PHW during a particular month.

1.10 Rights Trading

Entitlements to New Shares pursuant to the Issue are renounceable and therefore may be sold by you. It is proposed that the rights trading on the ASX will commence on 13 April 2010 and cease on 3 May 2010. Further details are set out in section 2.1 of this Offer Document.

1.11 Minimum Subscription

Minimum subscription to the Issue is \$150,000.

1.12 Shortfall

The directors reserve the right pursuant to ASIC Class Order CO08/35 and (in respect of allotment of greater than 15% of the total shares on issue) Listing Rule 7.2 (Exception 3) to allot and issue to any one or more Eligible Shareholders any securities for which valid applications have not been received and accepted by the Company by the Closing date ("**Shortfall**") in respect of this Offer. Any such allotments would be after the underwriter has fulfilled its commitments.

Any Shortfall will be placed within 3 months of the Closing Date and will be issued on the same terms as being offered to the Eligible Persons pursuant to this offer document. Shortfall shares will not be issued to persons in circumstances where formal shareholder approval would be required in accordance with the ASX Listing Rules or where the issue would result in a breach of the Corporations Act.

1.13 Financial Position

The capital structure of PHW is set out in section 3.2 both as at 30 June 2009 and 31 December 2009 and as a pro forma reflecting the take up of the Rights Issue.

PHW's cash resources have now been significantly depleted to less than \$100,000 due to partial repayment of debt and trading losses.

The Directors do not believe that there will be any significant improvement in the operating results for the current year and as such estimate an operating loss in the order of \$682,998 before inventory write downs of \$317,095 and the writing down of the winery and vineyard at Mudgee, NSW of \$2,639,904

As noted in PHW's announcements to ASX, PHW has appointed Colliers to sell the Mudgee winery and land with expressions of interest closing on 28 April 2010.

1.14 Outlook

The recapitalisation of PHW will provide additional working capital to fund the company while it completes the sale process in relation to the Mudgee winery and vineyard.

As noted above, it is considered that there will be no material improvement in financial performance of PHW in the short-term, and it is anticipated that there will be a further loss in the 6 month period 1 January 2010 to 30 June 2010. PHW will also seek opportunities to merge or restructure the business; these opportunities will not necessarily be restricted to the wine industry. However, at this stage there are no specific proposals in this regard.

The current view of the Directors is that the ongoing operations of PHW are dependent, in the short term, on the rights issue achieving minimum subscription or other interim funding of not less than \$300,000 being obtained, and, in the medium term, on the realisation of the sale of the Mudgee winery and vineyard and other assets.

PHW will enter into discussions with CPVL, PHW's major shareholder and lender, with respect to ongoing financial support. However, at this stage, PHW has not received a firm commitment from CPVL that it will continue to provide ongoing financial support or convert any debt held by CPVL to equity.

Please also see section 3.5 below (Funding and Finance Risk).

In the current industry environment, the Directors consider that PHW is unlikely to return to profitability until at least the 2011/12 financial year.

1.15 No Forecasts

The Directors believe that they do not have a reasonable basis to forecast future earnings on the basis that the business currently operated by PHW is running at a loss. It is unlikely that there will be a positive financial outcome until at least the 2011/12 financial year.

Given that the winery and vineyard are at the initial stages of a sale program and that the company's aim is to restructure the business the potential scale of revenue generation cannot be reliably predicted. Accordingly, any forecast or projected financial information would contain such a broad range of potential outcomes and possibilities that it is not possible to prepare a reliable estimate, forecast or prediction in this Offer.

Notwithstanding the above statement, there are statements in this Offer concerning the envisaged operations of PHW following the completion of the Offer. These forward looking statements are subject to numerous risks. For a discussion of the important risk factors which could cause actual events or results to differ materially from such forward looking statements please refer to section 3.6 in this Offer Document.

3.3 Potential Effect of the Offer

The Offer is a pro-rata offer so that if all Eligible Shareholders take up their entitlements, the voting power of all Eligible Shareholders will remain the same. In that event, there will be no actual or potential effect or consequences arising from the Offer on the control of PHW.

However, the proportional shareholdings of Shareholders who are not resident in Australia or New Zealand may be diluted as those Shareholders are not entitled to participate in the Issue. Additionally, if an Eligible Shareholder does not take up their entitlement in full, there may be a dilutionary effect on that Shareholder's proportional shareholdings.

The issue of the New Shares may affect the control of PHW depending on the level of rights trading and take up of the Issue. Based on the current disclosures made by substantial shareholders and their Associates, the maximum percentage shareholding any existing Shareholder and its Associates could attain through taking up their rights is 63.3%. This would only occur in the event that the substantial shareholder, CPVL, and its Associates are the only shareholders to take up their rights and all other shareholders do not take up their entitlements (and therefore triggering the underwriter's commitment to take up 30,000,000 of the shortfall shares under the underwriting agreement).

3.4 Investment decision

This Offer Document does not take into account the individual investment objectives, financial situation and particular needs of any Shareholder.

3.5 Risk Factors

Before deciding to take up New Shares, you should consider whether the New Shares are a suitable investment for you.

There are general risks associated with owning shares in publicly listed companies. The price of shares can go down as well as up because of factors outside the control of PHW. These factors include:

General Economic Climate

PHW's future revenues and operating costs can be affected by such factors as supply and demand for goods and services, industrial disruption, interest rates, currency fluctuation, inflation and global economic conditions. Accordingly, the future profitability and share prices of PHW may be affected by these factors. These factors are beyond the control of PHW.

Global security environment

Outbreak of hostilities or a material escalation of hostilities including a declaration of war in major countries in the world or terrorist acts perpetrated on any major countries or any diplomatic, military, commercial or political establishment of any major countries anywhere in the world may affect the global economic and commercial environment and in turn affect PHW's future revenues and operating costs and Share prices.

Status of PHW Business

PHW is subject to all the usual risks encountered by wine companies including cash flow and the continuity of personnel. In addition, PHW has engaged in a sale process for the Mudgee winery and vineyard which will be subject to all the risks of a sale, price expectations and settlement risk.

Climatic

Adverse climatic conditions affecting vineyard areas may prevent access to those areas and not allow PHW's activities to be carried out in an efficient manner, and hamper production operations.

Environmental impact constraints

PHW's operations will, in general, be subject to approval by governmental authorities (e.g. planning and environmental).

Funding and Finance Risk

Net proceeds from the Offer will be used for additional working capital to fund the company while it completes the sale process in relation to the Mudgee winery and vineyard. In this regard, please see section 1.14 (Outlook) Funding for further working capital (if required) beyond the proceeds of the Offer will be dependent on the sale of the Mudgee winery and vineyard, sales revenue, the nature and scale of PHW's activities in the forthcoming financial year, the outcome of any restructure or merger opportunity and the terms of funding facilities. Such further working capital (if required) may be funded by either debt or equity. PHW does not have committed additional external funding and the availability of any further funding and its pricing will be dependent on the then prevailing market conditions.

Rights Issue Risk

Existing Shareholders' interests will be diluted if they do not take up their Entitlements.

Insurance

PHW maintains insurance for certain activities within ranges of coverage that it believes to be consistent with industry practice and having regard to the nature of activities being conducted. The occurrence of an event that is not covered or fully covered by insurance could have a material adverse effect on the business, financial condition and results of PHW.

Grape and Wine Prices

PHW's performance relies on prevailing market prices for wine and grapes. Adverse price movements for wine and grapes may have a material adverse effect on PHW.

Interest Rate Volatility

A change in interest rates would be expected to result in a change in the interest cost to PHW.

Changes in government policy and laws

Changes in government policy (such as in relation to taxation) or statutory changes may affect PHW and the value of an investment in PHW.

Reliance on Key Personnel

PHW's prospects depend in part on its ability of its executive officers and senior management to operate effectively both independently and as a group. To manage its growth PHW must attract and retain highly qualified management and marketing personnel to implement and improve operational, financial and management information systems.

Stock Market Volatility

A number of factors affect the performance of stock market investments which could also affect the price at which Shares trade on ASX. Among other things, the Australian stock market may be affected by movements on international stock markets, local interest rates and exchange rates, domestic and international economic conditions, the price of wine and grapes as well as government taxation and other policy changes.

Competition Risk

There continues to be strong competition in the global wine industry which is the market in which PHW operates. Whilst measures will be put in place to increase market share, there always remains a possibility that PHW may continue to lose market share.

3.6 Taxation

The potential tax effects relating to the Offer on a holder of New Shares will vary between Shareholders. Shareholders should satisfy themselves of possible tax consequences by consulting your own professional tax advisers.

3.7 Privacy

If you apply for New Shares, you will provide personal information to PHW and the Share Registry. Such information will be used to assess your application for New Shares, service your needs as a shareholder, provide facilities and services that you request and carry out appropriate administration.

Access to the information may be provided to PHW's agents and service providers on the basis that they deal with such information in accordance with the Privacy Act 1988 (Commonwealth).

Under the Privacy Act, you may request access to your personal information held by or on behalf of PHW or the Share Registry. You can request access to your personal information by contacting the Share Registry.

A fee may be charged to access your personal information.

4. ADDITIONAL INFORMATION

4.1 Expenses of the Offer

All expenses connected with the Offer are being borne by PHW. Total expenses of the Offer are estimated to be in the order of \$25,000.00.

4.2 Continuous Disclosure

PHW is a disclosing entity and therefore subject to regular reporting and disclosure obligations under the Corporations Act. Under those obligations, PHW is obliged to comply with all applicable continuous disclosure and reporting requirements in the Listing Rules.

4.3 Underwriting Agreement

The Rights Issue is underwritten to the extent of a tranche of 30 million New Shares.

The underwriter reserves the right, at any time, to appoint sub-underwriters in respect of any part of the Rights Issue.

The underwriter is entitled to be paid commission, fees and expenses under the Underwriting Agreement and receive certain indemnities. Any sub-underwriters appointed by the underwriter may be paid a fee determined by negotiation with the relevant sub-underwriter. Any sub-underwriter's fees in respect of the Rights Issue would be paid by the underwriter.

The underwriting agreement is subject to customary termination events. These termination events include:

- if the relevant notices required to be lodged with ASX are not lodged within time or otherwise fail to comply with all requirements of the Corporations Act;
- PHW breaches the underwriting agreement and does not remedy that breach within 10 business days;
- any warranty or representation made by PHW under the underwriting agreement is or becomes materially untrue;
- a change occurs after the date of the underwriting agreement affecting or relating to PHW which in the reasonable opinion of the underwriter has or is likely to have a impact on:
 - a decision of an investor to invest in the New Shares at the issue price;
 - the outcome of the Offer;
 - the subsequent market for the Shares; or
 - the assets and liabilities, financial position and performance, profits and losses, prospects, business or operations of the Company;
- PHW contravenes any law, regulation, authorisation, ruling, consent, judgment, order or decree of any governmental agency, its constitution or another constituent document, the Listing Rules;
- a 10% fall in any of the All Ordinaries Index, the S&P/ASX 200 Index or the S&P/ASX Small Ordinaries Index;

- For personal use only
- ASX approval has not been given by the Closing Date or within 3 months after the date of the lodgement of the Appendix 3B (whichever is earlier) or ASX refuses or withdraws ASX approval;
 - an insolvency event occurs in respect of PHW; or
 - an outbreak of war.

If the underwriting agreement is terminated the Rights Issue may not proceed in its entirety. In particular, if the underwriting agreement is terminated, the underwriter may request PHW to notify all Eligible Shareholders and give them the opportunity to withdraw their application.
